All of our Day Camp Staff are hired to be group leaders. Some staff may be scheduled as program staff or lifeguards based on their skills and certifications.

Group Leader– These staff stay with the same group of kids all day for the two week session. They take their groups from activity to activity and keep track of the wellbeing of each of their campers throughout the two weeks.

Program Staff– These staff are assigned a color group to be a program staff for. What that means is they help with activities that need extra staff. For example, period 1 they might go on a hike with the Bumble Bees. Period 2 they might help belay the climbing wall with the Daisies. And Period 3 they might help facilitate candle making with the Ducklings! They stick within the color group and help as assigned!

Lifeguard— These staff spend their day down at the waterfront! They typically lifeguard classes like swimming, water trampoline, and boating!

FOOD SERVICE

As a Kitchen Staff member, you will help prepare over 74,000 meals throughout the summer. You'll also have the opportunity to interact with all of the campers and staff as you serve the meals. We serve all kinds of meals at Hazen, including family style meals, cookouts, pack outs for the woods and even packing out a cabin's breakfast in bed. Remember that working in the kitchen isn't just about the food, there is lots of cleaning and

sorting to do as well.

The Dining Hall is the heart of the camp, and the staff that work there are a fun team that helps make camp a special place for everyone.
