

Well this is new. I'm sure you've been inundated with emails from all the businesses that you once clicked on their website, letting you know how they are dealing with this new world we find ourselves in. So here is ours...

- **Health of Your Child**

It goes without saying that the well-being of our campers has always been our #1 priority when making decisions about camp. We're not even close to thinking that camp won't take place this summer. The world is changing by the day and it would be irresponsible for us to make a decision about programs running in July/August based on the facts of today. Summer is still months away, and we are working hard to continue to plan, so we can enjoy celebrating our Centennial year. That said, when it comes time to start making decisions, we would not run camp if it went against the advice from health professionals - nor, would we take the decision of canceling camp lightly. For so many kids Camp is the highlight of their year; for some it is the two weeks that they live the other 50 for. For a large number of kids, Hazen is their constant, it is a place that can be relied on, a place where they can be their best selves. We wouldn't want to take that away from any child.

- **The Money Talk**

Summer is still a long way off. As the time comes, we'll start talking about the May 1st payment date, but that's nothing to worry about today. For those of you on monthly billing, just let us know if you would like us to postpone your April 1st payment and run the two remaining payments on the 1st of May and June instead.

In case you were not aware, any payments, less your deposit, are refundable up until 30 days prior to the start of your session. So for the first session of camp that would be May 29th, and for the last session it's not until July 24th. So don't even give it a second thought for now. If, as we go through this bizarre time in history, you find yourself with the need for additional assistance towards the camp fees, we do have some funds available, please just ask.

- **The obligatory 3rd point**

Let's face it, two bullets just look strange. We will be in touch as time goes on, but we don't want to overload you. There are far more important things to focus on right now. Keep an eye out on our social media for some good old fashioned fun and we look forward to having you back at camp soon.
