

# Camp Hazen YMCA Oak

Oak is our Teen Village. Campers return to camp year after year, until they are entering 10th grade, just to experience what life is like in Oak.

The campers will tell you that Oak is 'Over the hill and far away' but in reality it is just a short walk from the main campus. There are five campers and one counselor in each platform tent. The tents are laid out in two clusters one for boys, one for girls. At the center of the village is the bathhouse.

The Deck is the social hub of the village. Community is at its best in Oak, the Village Pride can be heard throughout camp.

After your summer in Oak, there is only one more summer for you to experience Hazen as a camper. This is in our LEA Program. The LEA program is by application only. There is more information about this program on the website under 'Leadership Programs'
